

# Monnit Remote Monitoring Solutions

WASHINGTON STATE  
DENTAL ASSOCIATION

## How The System Works

- [Temperature sensors](#) can be used to monitor the temperature of medications and refrigerators/freezers.
- [Motion Sensors](#) can be used to detect motion where there should not be motion (security feature).
- [Open/Closed Sensors](#) can be used to monitor if an area or cabinet is accessed and when it was closed. For example medicine cabinets or file storage.
