

FOUNDED IN 2010

TigerText is the **leader** in HIPAA-compliant secure, real-time messaging for healthcare organizations.

Why?

Security

Compliance

Productivity

Why Secure Messaging?

Breaches violate patient trust & **damage** a practice's reputation

A majority of healthcare employees text in **violation of HIPAA**

Email is **too slow** & poor coordination impacts quality of care

Why TigerText?

- **Encrypted** End-to-End
- **Self-destructing** Messages
- Remote **Lockout** & More

- IT Policy **Enforcement**
- LDAP & Active Directory **Sync**
- Reporting & Archiving

- **EMR/EHR** Integration
- Delivered/Read **Receipts**
- Multiple **Inboxes**
