CONTINUING EDUCATION PROGRAMS

Being A Medicaid Provider In An Era Of Accountability

9:30 am - 12:00 Noon, July 24, Eisenhower A&B, Three-hour CE Credit

Presenter: Dr. Steve Geirmann, ADA Senior Manager

Course Description:

Despite misconceptions and fears being a Medicaid provider, treating this population can be rewarding and not cut adversely into your bottom line. Members of the ADA's Council and Advocacy for Access and Prevention (CAAP) Medicaid Advisory Committee will share insights, opportunities and challenges regarding program integrity, compliance, fraud, advocacy and how better to safeguard your practice while providing care to this growing population in an era of increasing accountability and scrutiny. Special emphasis will be given to the importance of proper documentation of medical necessity.

Learning Objectives:

At the conclusion of this presentation, attendees will be able to:

- Implement efficient practice protocols to safeguard practice viability
- Protect oneself from unintentional non-compliance resulting in fraud allegations
- Recruit other Medicaid providers through positive advocacy and role modeling

Upgrading Dentistry: Correct Principles To Follow In Surgical, Restorative and Prosthodontic Care of Patients

2:00 pm - 4:30 pm, July 24, Eisenhower A&B, Three-Hour CE Course

9:00 am - 11:30 am, July 25, Eisenhower A&B, Three-Hour CE Course

Presenter: Dr. Stace Lind, Centennial, CO

Course Description:

This course will be both literature (evidence-based) and chair-side proven dentistry. Having the knowledge of the research and excellent clinical procedures to guide us in our practice enables us to reduce the patients risk and improvement the dental longevity of our restorations.

Day One: Composites adhesion principles to give longevity and natural beauty to our restorations. Options in treating the worn dentition with composite, lithium disilicate, and zirconia. Occlusion and treatment of the symptomatic patient.

Day Two: Communication to increase case acceptance to improving oral health. How to address gingival recession and treatment of root exposure. Implants and Prosthodontic principles for fixed and removable cases.
