Course Overview

Despite careful planning, medical emergencies can happen at any time. These situations can be unnerving and this course will help build your confidence to recognize and manage a variety of medical emergencies that may occur in dental office settings. Dr. Sam Bae of Three Rivers Oral and Facial Surgery has developed an interactive course and we encourage doctors to invite their staff to participate so that the entire dental team can be prepared to respond appropriately. This course will fulfill a 4-hour medical emergency requirement for the Oregon Board of Dentistry.
